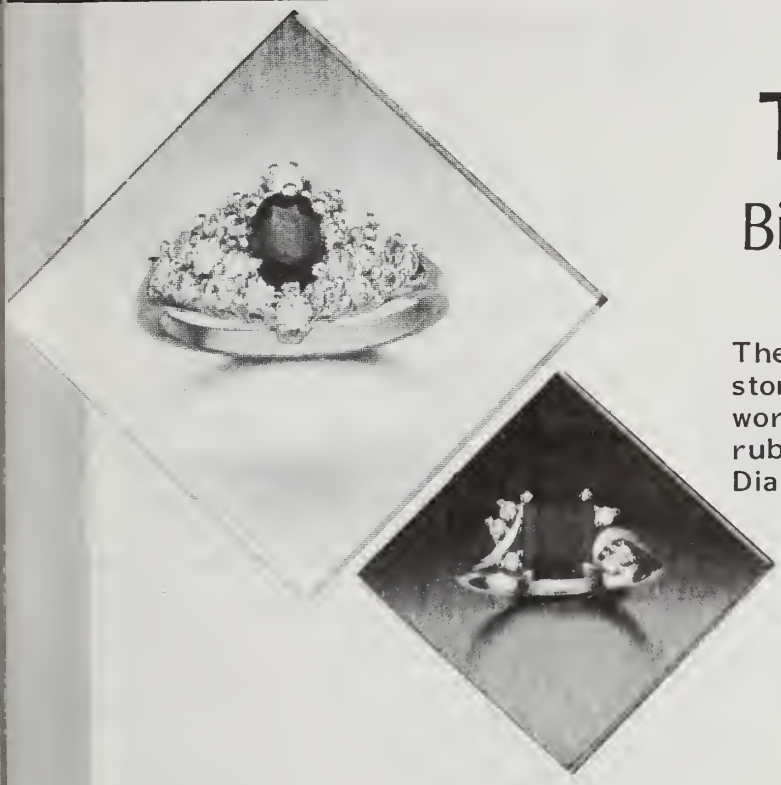
Landfill D.E.P. Case Settled

MATTAPOISETT SELECTMEN'S MEETING
JUNE 19, 1990-by VIRGINIA MORGAN

Selectman Daniel O. Mahoney announced at last week's Selectmen's meeting and the board voted to settle the Sanitary Landfill consent order fine placed by the State Department of Environmental Protection at $3,000, with a like amount ($3,000) being used to set up a recycling program at the landfill.

In 1986 the town Board of Health signed a consent order to make certain corrections at the landfill. However, the work couldn't be done in the agreed upon schedule; therefore, the state DEP placed a penalty of $8,000 on the town. Following negotiations the penalty has been reduced to



THE RUBY

Birthstone for July

The RUBY is "The Sun's Own Gem," a regal stone for men or women. Ranked among the world's most precious gems, the finest rubies of a larger size exceed in value fine Diamonds of similar size.

As a birthstone, the ruby symbolizes freedom, charity, dignity and divine power.

The ruby is the deep red variety of the mineral Corundum. In pink and other colors, gem Corundum is know as sapphire. Both star rubies and star sapphires, with their six rays, hold a special fascination for many persons.

The ancient lands of the Far East are the source of the most beautiful and valuable rubies. From Mogok in Upper Burma, about ninety miles from Kipling's Mandalay, come the true Pigeon Blood rubies. There they are mined by natives according to their centuries-old customs.

The famous Hill of Precious Stones near Bangkok, Siam, yields rubies of a darker shade which are therefore slightly less valuable. Still other sources include Ceylon, where paler but exceptionally brilliant stones are found, and the Amir's mine near Kabul, Afghanistan; a few are found in North Carolina.

Some of the world's most famous and valuable gems are rubies - large rubies because of their extreme value remain almost the exclusive property of Royalty and very wealthy people. However, there are many smaller rubies available, and when use in combination with diamonds, their deep color creates striking effects.

$6,000. The town made a counter proposal to the DEP asking if they would accept a penalty payment of $2,000, plus a commitment over the next two years to set up a recycling program by July 1992 with $4,000 being put towards the program.

Selectman Mahoney said the state felt the town should pay $4,000, with $2,000 going into the recycling program. As of today, Selectmen voted to pay a $3,000 penalty and put $3,000 towards the recycling program to settle the long ongoing dispute.

In other business, Selectmen:

MET WITH Life Boy Scout Eric Labrecque of 21 Hi-on-a-Hill Road and gave him permission to construct two benches to be placed at Ned's Point Veterans' Park.

The bench construction will be done as Eric's project to receive his Eagle badge. He will work with his Troop 53 Assistant Scoutmaster Lou Cardoza on the construction and a fund-raising activity to obtain funds for the material.

Eric explained the benches will have a cement base and be built of pressure treated wood and will be similar to the bench in front of the Town Hall.

Selectmen Chairman John DeCosta and Selectmen Bernard F. Talty and Mahoney commended Eric for his project and told him to contact the Selectmen's office when the benches are completed to find a suitable spot for them at Veterans' Park.

VOTED TO ACCEPT the Police Chief's recommendation that Police Safety Officer R. Stanley Ennis be placed on disability retirement under State General Law Chapter 41, Section 111 F., benefits to continue his weekly pay.

Officer Ennis has been out on sick leave

the present 20 miles per hour to 30 miles per hour from the Eldridge house to The Cedars. The state has to be notified as work on the road was done under Chapter 90 funding.

The chief noted in 1977 the speeds were set at 20 miles per hour to 40 miles per hour from Route 6 to Angelica Avenue, 1½ miles long. "My proposal is to make a 30 m.p.h. from the curve at the Eldridge house to the Cedars, then continue the 20 m.p.h. along the Crescent Beach area. The reason for the change is this section of Prospect Road is a complete straight-away presently posted at 20 m.p.h. Very few vehicles travel at this speed, and when a vehicle travels at such a low speed it causes vehicles to pass a slow moving vehicle and endangers someone walking, and I think 30 m.p.h. would be a safer speed and more reasonable to enforce."

MET WITH Mike Sullivan, 119 Neck Road, who cited a problem he has with getting a building permit from Building Inspector Andrew J. Bobola to construct an addition to his house.

Following the description of his problem, Selectman Mahoney said the Selectmen have no authority over the building inspector as he is the zoning officer. He recommended Mr. Sullivan go before the Board of Appeals for a special permit as Mr. Sullivan appears to be adding to a non-conforming structure.

NEW BEDFORD. MASS. 992-6377

MET WITH Harbormaster Steven Mach asking him to respond to complaints he has not been available on the wharf. "People want to see an active harbormaster," said Selectman Talty. He asked him what his hours were.

Mr. Mach said he will work five and one-half days a week in the summer, but that now he can be called for an appointment, or he has been in his office mornings since April 9th, and on Saturdays and Sundays in the morning and several hours in the afternoon.

Chairman DeCosta asked what happens if someone wants to come in during the night. Mr. Mach replied that the police will call him if there is an emergency, but rarely does anyone come in during the night. Also, "Milt Heuberger is my assistant and he is on the wharf quite often."

Selectman Mahoney asked about the basis of his pay. Mr. Mach said it's about $100. per week or $5,200 per year, with no fixed hours. Mr. Talty noted that when the harbormaster's job was elected there were no fixed hours; now that he is appointed, there are other things that keep him busy such as administrative duties and stickers. Mr. Mach said he is working on collecting mooring sticker fees.

INTO FAMILY EYE CARE

My child needs glasses - should price be a factor?

Well yes and no Of course you want to get what you can afford but you don't want to go overboard on a child's pair of glasses When buying your child's glasses consider his or her preferences but just as important consider what he or she needs Be careful of too many add-ons that are often offered to a patient that are not really necessary These tend to bring the cost of glasses way up

versary of the national league, honored two of its outstanding, long-time members and introduced to the current membership an almost complete roster of the local league's ex-presidents. It also confirmed the LWVMMR local program and elected its next year's officers.

To enthusiastic applause from the membership, Olive Harris and Barbara Macy each received an Honorary Lifetime Membership in the local league which was bestowed for "exceptionally long and distinguished service to the league and to the community." To commemorate the event they were given special, vellum, hand-lettered certificates.

A presidential rose tied with a ribbon of LWV blue was presented to each of the following past league presidents (in alphabetical order): Margie Baldwin, Debra Blanchette, Judy Coykendal, Jay Crowley, Judy Enroth, Olive Harris, Mary Ann Hayes, Betty Minter, Helen Thacher and Janet Wallace. Unfortunately, Betty Sawyer and Muffy Marlio could not attend, and Peggy Ruepp could not be located.

The LWVMMR local program in the areas of Natural Resources, Social Policy, Local Government was confirmed and the status of the League Telephone Book for Marion, Mattapoisett, and Rochester reported it will now be an annual publication and this year's book is due out this summer.

Ken Wood's Ninetieth Birthday

Friends and family helped Kenneth M. "Ken" Wood of 40 Main Street, Mattapoisett celebrate his 90th birthday on Father's Day, June 17. His actual birthday is June 18, but with his three sons attending the party, Father's Day seemed the appropriate time to honor him.

His sons, Donald C. "Woody" Wood of Mattapoisett, Kenneth M. "Brother Mac" Wood of Fairhaven and Richard "Scooter" Wood of Denver, Colorado and their families gathered in the yard of Ken's home with many of his friends. Some family members came from Tulsa, Oklahoma and Miami, Florida.

Mattapoisett Selectmen Chairman John N. DeCosta read a certificate from the Board of Selectmen noting Ken's service to his country and to the town:

"On behalf of the Board of Selectmen and the residents of Mattapoisett we would like to congratulate you on your 90th birthday.

"Your marrying Elizabeth Rowland and moving to Mattapoisett in 1926 was a good

move for Mattapoisett. You served your country and our town in many capacities. Your discharge from the Navy in 1926 was followed by your joining the Mattapoisett Fire Department in 1928. You became Fire Chief in 1962; and, after 42 years in the department, you retired in 1968.

"You became an RFD mail carrier in 1939 and later retired with 26 years of service. You were very well liked by all the people on your route.

"You were a member of the Draft Board for Mattapoisett during World War II. I remember you drafted me (John DeCosta) and sent me to the United States army at 18 years old.

"You served as a member of the Mattapoisett School Committee in the 1930s. In 1941 you awarded me (John DeCosta) the citizenship award at Center School graduation as Commander of the American Legion. You are a lifetime member of the Florence Eastman Post 280, American Legion.

"Your services to the Town of Mattaposiett were varied and many. Not many residents could equal your contribution to the betterment of our town. We all thank you, and we wish you God's blessing, good health, and a long stay here in Mattapoisett."

Marion Art Center

PAINTING EXHIBIT

A three-man show featuring recent paintings by Tom McCobb, John Murphy and Charles Parsons, opens at the Marion Art Center on Friday, June 29th, with a reception for the artists from 6 until 8 p.m. The exhibition will run through July 25th.

Tom McCobb, a Connecticut resident since 1937, has been painting watercolors from age sixteen. He studied in his early years with Harold Walcott and in recent years has worked with Carl Schmalz and Christopher Schink. McCobb put aside a business career in 1976 to pursue painting and teaching "full-time". In 1985 he moved to Pomfret, Connecticut where he now maintains a teaching studio and gallery at Cobbscroft.

McCobb's paintings are inspired by the images of small Connecticut towns and their colonial homes. Scenes of the New England coast and working harbors are also favorite subjects. Recently, portraits in watercolor

have inspired a whole new series of paintings. The artist's prize winning watercolors are represented in private and public collections in North America and Europe.

John Murphy is known as a painter and art educator. His career in education began as a teacher at the Swain School of Design, then as a Supervisor of Art in Vermont and the Lexington Public Schools in Lexington, MA. His Lexington students performed the outstanding accomplishment of being awarded the greatest number of gold medals and blue ribbons, 44 in all, in the Boston Globe Regional Scholastic Art Awards for two consecutive years.

Murphy graduated from the New England School of Art and received his A.B. from Washington University and M.A. from Salem State. He also studied in Europe and has traveled extensively providing him with a rich source of material for painting. His work is included in private collections in New England, the mid-west and California.

Charles Parsons has been painting the New England coast for the past twenty years. His style is for the most part, romantic impressionist/representational. Parsons' love of the marshes, working harbors and small New England villages is readily apparent in his selection of subject material.

Parsons is a graduate of Bucknell University and Temple University. He has studied and painted with Blanchard Gummo, Marion Norberg, Christopher Schink and Ray Ellis. His work is in many private and corporate collections in the United States and abroad and is frequently shown in several local galleries and art centers.

The Marion Art Center, corner of Main and Pleasant Streets, Marion, is open to the public Tuesday through Friday, 1 to 5 p.m., and Saturdays 10 a.m. to 2 p.m. There is no admission charge.

A Thank You

On behalf of the American Field Service Club at Old Rochester Regional High School, we would like to express our thanks to Marian LeBlanc, out-going president of the Old Rochester AFS Chapter. For three years, Mrs. LeBlanc has led the adult support group. During that period she has dedicated a great deal of time, energy, and expertise to this important school-community organization which seeks to promote peace and understanding among the citizens of our Earth. She has organized fund raisers, publicized and represented the program in the communities of the District, and has opened her home on numerous occasions to international students.

We would like her to know that her effort, skill, and understanding are greatly appreciated by the AFS Club students and their advisors.

"No-Frills Revue" in Marion

MUSICAL COMEDY TO BE STAGED

"The No-Frills Revue" is coming to the stage of the Marion Art Center as this year's Summer Cabaret production. Performances will be held at 8 p.m. on the evenings of July 5, 6, 7, 12 and 13. Fourteen original songs by a bevy of the brightest composers and lyricists working for the stage today have been pulled together by the genius of Martin Charmin, the composer of the Broadway smash, "Annie".

"The No-Frills Revue" is a rollicking, fast-paced roller coaster of music, song and a devilish tribute to the dance. Included in the MRC cast are Chris LeBlanc, Deirdre Hickok, Chuck LaPointe, Corinne Paquin and Anne Schenck. Musical and vocal direction are by Paul Sardinha and the production is directed by David B. Boyce.

Mattapoisett Memories- Part V

by JENNIE HILLER LUDMAN

My father, Matthew Hiller, and his two younger brothers, Edward and Lilburne, all reached ninety plus years of age. Mattapoisett, as a town, had established a symbol for the aged - a cane to be used by the oldest person in town. Matthew used this cane until his death in 1932. He and his two younger brothers were given biographical sketches in the New Bedford Standard and the Boston Globe. Matthew was the Captain of a sailing vessel trading with Cuba such supplies as ice in exchange for molasses, rum and cigars. Edward was a school teacher in the schoolhouse located in East Mattapoisett, called Aucoot. Lilburne inherited the large acreage at Crescent Beach which others in the family did not want. The place was overrun with mosquitoes. There was little protection from

them in the old days. However, modern methods of controlling them were successful in the early 1900s and Lilburne was able to sell small lots for building cottages at Crescent Beach. One advantage was the newly organized Electric Railway between Onset and New Bedford, which made Crescent Beach accessible with less than a mile to walk from the trolley. Edward's son, Joseph, was the surveyor and soon small house lots were ready for sale near the beach, where the high tide invited bathers, while the scallopers and clam diggers waited for low tide.

The early cottages were small and used for vacations, owners coming from New Bedford. More substantial homes were built and some families could live there all year round. Mr. Raymond opened a grocery store which served the growing beach population. Until the Hurricane of 1938, life on the beach was calm, quiet and relaxing. A hundred small cottages had been built and land that had once belonged to the famous poet, Oliver Wendell Holmes, was sold in large lots for building first class homes.

Lilburne continued to live at the family homestead which survived the hurricane of 1938. However, the beach cottages were

Remains of the houses went floating toward the harbor. Mrs. Charles Hamlin noticed a friend's piano floating by her bay window and sent a message to the owner. In town, home owners left their homes to take shelter up the hills at the north end of town. Fortunately, the buildings on the waterfront had sturdy foundations to survive the hurricane and tidal wave. The Crescent Beach people rebuilt their homes, sturdier than

news during the summer of 1934. President Roosevelt and family were spending a summer vacation on Cape Cod. I remember that a special tea was given by Mrs. Hamlin in honor of the President's mother, Sarah Roosevelt, who charmed the villagers and friends of the Hamlin family. On another occasion, Mrs. Hamlin held open house for Eleanor Roosevelt, wife of the President. Long lines formed all through the house of people wanting to shake hands with Mrs. Roosevelt.

Among the many visitors to the Hamlin summer home was the William McAdoo family including five teenage children. Mr. McAdoo was our Secretary of the Treaury in Washington and a close friend of Charles Hamlin who had previously held that position some years before. The Hamlins had one child, a daughter, born about 1900. Whenever she went into town, she was accompanied by her French companion and tutor.

Many homes in town along Water Street and Ned's Point Road were used by their owners only in the summer. They provided work for teenage boys doing mowing, running errands, etc.

Read Aloud Program

AT SIPPICAN SCHOOL

The awarding of 58 certificates on June 8th to kindergarten students in Marion's Sippican School for taking part in a ten-week Read Aloud Program with their families was one of the Library Resource Center's end-of-the-year highlights. Every year's certificate is different. A drawing or photograph, by a local artist or of a local scene, is reproduced so each class has a "limited" edition. This year's drawing by M. Drew Thompson is the artist's version of the view of the small island as seen from Old Landing.

This voluntary, at home, program has been offered for the past 14 years with each year seeing a steadily increasing participation. 1990 reached an all-time high with the children participating in 2,359 Read Aloud sessions.

Every week for the duration of the program each child takes home a bright yellow net bag filled with five books particularly chosen for their suitability for reading aloud. There are no duplicates, so by the end of the program each child has taken home fifty different books.

This activity is made possible by VASE (Volunteers at Sippican Elementary) which provides the books, the bright yellow bags and, most importantly, the volunteers, by Marie Pimental, Librarian, who chooses the books and does much of the necessary record keeping and by the kindergarten teachers who over the years have given their enthusiastic support.

was denied on June 9, 1990 by the Mattapoisett Board of Appeals.

The applicants' request to withdraw their special permit application was also denied, as it was filed too late. The Appeals Board had already made its decision known to the applicants before the withdrawal request was received.

The applicants operate an ice cream and restaurant business (Oxford Creamery) including both eat-in and take-out service. In 1983 the applicants, without obtaining a building permit, constructed a 12 foot by 14 foot deck attached to the existing restaurant for seasonal use by its patrons. The deck, which extends 4.4' onto Marion Road at its southeast corner and 1.9' at its southwest corner is on a state highway laid out in 1901. The placement of the deck is in violation of the density regulations of the zoning by-law in that it does not meet the applicable 65 foot street setback requirement.

The applicants seek a special permit to reconstruct the deck so as to remove the encroachment on Marion Road by rebuilding the deck to sit on the property line with no setback from Marion Road.

Police Chief James F. Moran appeared at the public hearing and spoke in opposition to the application. He expressed concerns about traffic congestion and parking problems in the area caused by the applicants' restaurant business. Specifically, the Chief stated that vehicles parked alongside the deck on Marion Road obstruct the flow of traffic on that roadway; further, the deck obstructs the view of vehicles traveling westerly on Marion Road presenting a hazard to pedestrians crossing Marion Road from the applicants' property.

The Appeals Board denied the permit

saying the proposed deck would contribute to traffic congestion; would obstruct the view of vehicles traveling westerly on Marion Road; the alteration would be substantially more detrimental than the existing nonconforming structure to the neighborhood and the proposal to reconstruct the deck so as to have no setback from Marion Road is not in harmony with the general purpose and intent of the Zoning By-Law.

O.R.R. Girls Track

Fourteen athletes from the Old Rochester Girls' Track Team qualified and competed in the National Track Meet in White Plains, New York. This was a three day Meet conducted much like the Olympics and involving athletes from east of the Mississippi, including Eastern Canada. The monies to cover the cost of the trip was raised and paid for by the Girls' Track Parents' Booster Club. Transportation was donated by Sippican Inc. of Marion. Each year these people have paid the way so our athletes could compete.

The event has an opening ceremony with teams marching in, the National Anthems of both countries, and the lighting of the Olympic Torch by two selected athletes. Conti-

eye talk

Q. Recently I started seeing dark spots and thread-like strands before my eyes. What causes this? Is it serious?

A. You are seeing spots and floaters. They are usually harmless but sometimes they signal a serious eye problem in need of prompt attention.

These include such vision-threatening conditions as retinal detachment, other retinal disorders, cataracts, diabetes, high blood pressure or leukemia.

You should, therefore, make an appointment with your optometrist for a thorough eye examination covering eye health as well as your vision. Be sure to mention the dark spots and strands you are seeing.

More than likely you are seeing harmless particles of protein or other natural materials floating in the fluid inside your eyes. But you need a professional diagnosis.

Even if your optometrist diagnoses the spots as harmless, have them re-evaluated every year or more often, if you notice a change.

MACHINE & TOOL TECHNOLOGY FIELD TRIP

Recently, students in Old Colony Regional Vocational-Technical High School's Machine and Tool Technology Department visited Pixlie-Richards in Plymouth and B. & C. Machine in Bourne. Students observed the manufacturing of plastic components and intricate mold making. Students also toured the plants' tool rooms where they saw the latest machine technology. Each student returned to school with a better understanding of the type of job that exist for them once they meet the requirements for Old Colony's Co-op Program.

Canoe Trip, Nemasket River

Paddle the Nemasket River with naturalists from the Lloyd Center for Environmental Studies on Saturday, June 30th.

The Nemasket, which runs from Assawompsett Pond in Lakeville to the Taunton River, is a popular canoeing site. The river wends its way through an attractive rural countryside that is teeming with interesting vegetation, including wild rice and swamp azalea.

The trip, which begins at 9 a.m. and should be completed by 4 p.m., will begin with a review of paddling skills and canoe safety. Participants should bring their own lunches and plenty of liquid refreshments.

The cost of the trip is $15. for Lloyd Center members, $20. for non-members. There is an additional charge of $4. per person for canoe rental, but participants are welcome to supply their own canoes.

To register for the trip and receive directions to the meeting place call the Lloyd Center at 990-0505.

Lloyd Center canoe trips are sponsored in part by William F. Nye, Inc., Bosworth Insurance Agency and New England Animal Hospital.

Summer Youth Theatre Festival

AT ZEITERION THEATRE

From Merlin's magic to the adventures of Peter Rabbit, the Zeiterion Theatre's Summer Youth Theatre Festival 1990 is guaranteed to make sure you won't hear any choruses of "I'm bored" this summer. The series, sponsored by Shaw's Supermarkets, begins July 11th and runs through August 8th, with performances at 10:30 a.m. Tickets are on sale now.

On July 11th two-time Emmy Award winner Marshall Izen takes children on a delightful fantasy through a land where rags, bags and cardboard boxes turn into puppets of knights, dragons, a pop-up book and a most unusual Snow White. Favorite storybook characters are weaved with classical music into a "tour de force that keeps audiences enthralled" (CTC Critiques).

On July 18th the madcap Wright Brothers turn anytime into zanytime. With a mix of juggling, humor and pantomime, The Wright Brothers will keep kids and adults laughing over their contagious brand of fun.

The Mad, Mad, Mad, Mad Magic Show on July 25th will get everyone in the audience to feel the magic. Magician Landis Smith and friends will astound young and old with amazing characters and whirlwind effects in one of the country's most exciting magic shows.

Acclaimed singer/songwriter Rory brings her loopy, groovy kind of music to the Zeiterion August 1st for a morning of hilarious antics and sing-along. The inventor of "Kidrock", Rory ranks as one of the most popular young people's performers giving stiff competition to Rosenshontz and Canada's Raffi. Her music is an upbeat blend of rock, pop, bebop and blues kids can sing along with. Kids and parents will hear their favorites -- including "Bubblebath" and "You're Driving Me Crazy".

Finally, on August 8, the Gingerbread Players & Jack return with "The Adventures of Peter Rabbit". Lavish sets and colorful costumes make for an enchanting production filled with bright melodies that bring to life the classic story of Beatrix Potter's
